WINSTON-SALEM REGIONAL OFFICE
DIVISION OF WASTE MANAGEMENT
UST SECTION

August 12, 1998

Memorandum

To: Annette Parker
UST Section, Compliance Branch

From: Sabra M. Elder *SME*
Hydrogeological Technician II

Subject: Facility ID #: 0-015171

Please find attached documents showing that the tank in question was permanently closed May 25, 1994. The owner is still being billed for this tank. Regarding the letter dated June 4, 1998 from Earth Tech, the regional office is in agreement that this is the tank that was mistakenly identified as being 9,999 gallons instead of 1,000 gallons. Please correct the database. Thank you!
